Dear Mr Moores,

Re: Your report about Platt Solicitors Limited

Thank you for speaking with me earlier today.

I have now had an opportunity to consider this matter and have decided to take no further action.

Why we have decided to take no further action

As discussed, I advised that we are unable to access your large bundle of documentation. You stated that you have provided the entire legal file and do not have the required evidence to substantiate your allegations. You have made a report to the Legal Ombudsman and the matter has been to court.

I explained I will therefore close the matter with risk to lie on file. This means that should the Legal Ombudsman or the court consider that there has been any misconduct they can make a report to us.

Thank you for reporting your concerns to us.

Yours sincerely,

Rochelle Lewis (Mrs)

Dear Mrs Lewis,

Pleasure talking.

For the benefit of clarity;

I stated i have all the evidence i can provide in relation to the complaint concerning Miss Akhter at Platts Solicitors though, I didn't say that i don't

have enough evidence, i simply stated that the evidence is based on my word and the overwhelming amount of circumstantial evidence that underpins the claims. My understanding was that a determination on whether the evidence supplied was sufficient or not would be a matter for the SRA to consider.

I made a report to the Legal Ombudsman but it failed to respond to the Black and White specific pieces of evidenced corruption presented in the case file. Two days later i was the target of an attempted setup understood to be the work of Ms. Kate Green. A week later my home was subject to a warrantless forced entry by officers of GMP stationed at the Town Hall Extension, the same building Ms. Kate Green is stationed through her role as Deputy Mayor and Police Crime Commissioner.

The matter hasn't been to court though i did make an application to the Justice Court in Manchester, which was sent out 26/04/24. Two days ago (05/07/24) i received the application i printed and sent to the Justice Center in April, back through my letterbox after two and a half months which a marker saying the postage was underpaid and the item had not been collected. There was no return address but still managed to find it's way back to my home address. There was a pungent odour of playdoe on the documents when i opened the package, i also found a small piece of playdoe stuck to one of the pages.

I discovered over 100+ images had been deleted off my companies Google profile again last week. The same as what happened back in August 2023 when i tried to go back to work, where my vans suspension was also destroyed, in the same month my partner was targetted and robbed £245.00.

I understand there was special circumstances here. The above is for clarification and some personal insight into the wider scope of issues.

-

Drawing a line under the above; I appreciate the type of evidence submitted concerning Miss Akhter's alleged implication in acts of misconduct is based on verbal statements and circumstantial evidence. I wasn't completely confident in it's ability to draw a favourable decision. The main reason for raising the complaint was *to make you aware of what was going on*.

I appreciate your time and will be sure to put you in the best possible light if an updated report/statement is compiled.

Thanks again for your time.

Kind Regards,
Mr Moores
