

SUMMARY OF ISSUES

CLAIMANT: MR ADAM JOHN MOORES

RESPONDENT: GREATER MANCHESTER POLICE
THE COMMISSIONER OF POLICE FOR GREATER MANCHESTER

1. [SUMMARY OF ISSUES](#) (doc-no: 1 of 4 -- EV01)
2. [P.O.I TOPOLOGY](#) (doc-no: 2 of 4 -- EV02)

SHORT: Mr Moores was dispossessed of two motor vehicles in August 2021 in two separate back-to-back incidents with the same two Road Traffic Officers of GMP, PCX1270 and PC15744. The cars were immediately forwarded to GMP's Unit Operation Wolverine where efforts to recover the vehicles were obstructed through untimely responses and misleading/incorrect information from the officer in charge PC08820, which resulted in the total loss of both vehicles.

It was later discovered that the GMP Officers were connected to a young woman Mr Moores had a short romantic encounter with, and who'd mistakenly identified Mr Moores as a stalker in exceptionally questionable circumstances. No disclosure of an issue made to Mr Moores who was instead targetted ruthlessly by the officers and their friends in the local police force and also connections in local authority/government. It also transpired that the woman who'd mistakenly identified Mr Moores as a stalker, was later revealed to have already been in a relationship with another man around the time she engaged Mr Moores in reciprocal conversation that was clear in its romantic intentions.

Mr Moores would be subject to a most indecent and destructive campaign of abuse from the moment the two road traffic officers first discovered Mr Moores's identity and their erroneous misidentification which later saw them execute a campaign that has been ongoing for a number of years now.

A complaint was raised with the IOPC concerning the issues with the Officers and also the campaign of abuse and harassment in September 2022. The IOPC forwarded this on to GMP's Professional Standards Branch where it was picked up by Police Sergeant Elizabeth Green.

PS E Green was later removed from her post for failing to respond for over 10 weeks, instead closing her desk for Christmas and leaving an automated response that was clear in its intent to Mock Mr Moores. PS E Green was replaced by another Officer. A final response was received from GMP's PSB in February 2023. Unfortunately the response was unsatisfactory in that it failed to recognise the wrongdoings the officers had committed against Mr Moores.

Mr Moores then raised the complaint for review at the GMCA where it was picked up by Police Crime Commissioner for Greater Manchester – Ms Kate Green.

Despite multiple requests, Mr Moores did not receive a response from Ms Greens office for approximately 5 months and 28 days when he received the final response and the GMCA's findings.

The report issued by Ms Green went on to 'rewrite history' and made very little sense in respect of the issues tabled by the complaint, instead reiterating a version of the complaints issues into a riddle where each point was then consequently refuted.

Certain dynamics are understood to have brought a complaint raised with the Solicitors Ombudsman to Ms Greens attention, where Mr Moores refocussed his efforts to the wrongdoings committed by his Defence Solicitor who acted against him March 2022 in a hearing at Manchester Magistrates Court which concerned matters related to the wider scope of issues raised in the complaint with GMP's PSB and then later the GMCA.

The Solicitors Ombudsman's findings ignored the Black and White pieces of evidenced corruption and much inline with previous experiences, instead went on to attack Mr Moores's character, including the mention of alcohol in his blood that was within the legal limits and well outside the scope of the documents remit.

Ms Green has stepped up her campaign against Mr Moores which recently saw two separate incidents of warrant-less forced entries conducted on his home where all his computers and personal communication devices were seized by officers stationed at Manchester Town Hall, the same building Ms Green is stationed through her role as Deputy Mayor.

There has been a campaign of attack conducted on multiple levels against Mr Moores from 2021 that is no less than a sustained and most serious and concerted effort to destroy a person. Mr Moores has been subject to savage and indecent treatment from people many of whom hold position in public offices and many of whom being members of local authority.

EVIDENCE HERE – EV05 (OPERATION WOLVERINE EMAIL THREAD)

Summary: 2x Vehicles taken by the Traffic Officers were forwarded to GMP's Unit Operation Wolverine outside normal protocol.

Efforts to recover the vehicles were then evidently derailed by the Officer in charge at GMP's Operation Wolverine.

Seat Leon FR motor vehicle KD07BGO – (06-08-21):

Vehicle seized and forwarded to GMP's Unit Operation Wolverine where efforts to recover the vehicle were evidently derailed by untimely responses and inadequate and misleading information. Following complaint to 101 and a return call in response to that complaint, 'Operation Wolverine' admitted liability and sent a form to reclaim money from sale of vehicles.

Volkswagen Golf R32 motor vehicle HD06DDU – (09-08-21):

Sentimentally valuable vehicle seized and forwarded to GMP's Unit Operation Wolverine where efforts to recover the vehicle were evidently derailed by untimely responses and inadequate and misleading information. Following complaint to 101 and a return call in response to that complaint, 'Operation Wolverine' admitted liability and sent a form to reclaim money from sale of vehicles.

Unlawfully dispossessed of x2 motor vehicles as direct result of GMP PC8820 BATESON's untimely responses, misleading information and inadequate details.

Efforts to recover the vehicle were evidently derailed by untimely responses and inadequate and misleading information.

Following complaint to 101 and a return call in response to that complaint, 'Operation Wolverine' admitted liability and sent a form to reclaim money from sale of vehicles.

Mr Moores did not re-engage Operation Wolverine or return the form issued following their admission of liability and subsequent furnishing of 'reclaim paperwork' as they had demonstrated themselves as untrustworthy, hence the complaint in the first place. Its clear they would have used the form as another method of defrauding Mr Moores and legitimising that fraud.

[EVIDENCE HERE](#) – EV111 (DI SHEIL EMAIL THREAD #3 – [PCC K GREEN/TOWN HALL])

Summary: *DI M Sheil failed to provide warrant information. Reasons given are counter-intuitive to what a logical and legitimate undertaking would see. Failed to provide good enough reason for grounds to make forced entry. Understood as action taken in order to interfere with potential evidence concerning a case of corruption relating to a superior ranking officer stationed in the same building. Failure to declare conflict of interest.*
