Hi PCCJF Team,

Thanks for contacting me and apologies for not getting back to you sooner.

The reason I've messaged is in relation to a number of issues that have been ongoing for nearly three years now.

I have been battling a cloak and dagger, campaign of of character assassination that now spans multiple counties stemming from a personal grievance that has developed between myself and what was originally two road traffic police officers, one of the officers daughters and one of the officers daughters' friends.

Nearly three years ago now, what began as nothing more than clear incompatibility between a man and a woman that swapped numbers ina shop would later mutate into a witch-hunt which would see me attacked to unprecedented levels.

The female officers daughter has a friend called Miss Durnford. It transpired some 6+ months after last speaking to Miss Durnford that alongside her friend and the two officers, she had mistakenly identified me as some kind of stalker/predator.

Despite multiple opportunities for the two officers to challenge me on their suspicions or at the very least, allow me to defend myself, they instead see to it this information was kept hidden from me.

Instead of giving me the opportunity to respond to their accusations, they instead embarked on a smear campaign peddling false slander of foremost most dangerous and indecent sort.

They actively conspired in preventing me becoming aware of any issues and from around May 2021 until discovering their subversive campaign in December later that year when I caught one of the officers in her daughter's car, stalking me outside my home.

The whole thing is very dark and very macabre.

-

In the months prior to catching PC15744 Garside In her Daughter's Silver Ford Fiesta stalking me outside my home address, PC15744 GARSIDE and her Road Traffic Officer colleague X0127 MOORHOUSE had by this point seized two motor vehicles from me and using their personal inside connections within the force, they conspired with GMP Officer PC8820 Bateson who manipulated the process and prevented recovery of the two vehicles with a combined value of approx. £18,000.00 being 'stolen'.later I would discover they had already completely violated my public image/reputation in the most perverse and murderous way. By January 2022, I had discovered the vicious plot, mounted a defence which saw the officers involved suspended and soon after found myself locked in a personal hidden battle with life changing dynamics.

The situation was a battle of life or death.

This was just the beginning. I would later be railroaded I to a jailcell through evident coercion of my defence solicitor through proactive efforts made by a certain Miss A Dean of the National Probation Service who installed herself at hearing in March 2022 at MMC, submitted an extremely biased, damaging abd personally insulting report on behalf of the NPS and through her detirmed efforts, reaslied the complete and utter dismantling of my defence and undermine of the entire hearing.

Miss White deliberated entirely to my discredit and did a better job of attacking me that the prosecution. I was committed to an immediate custodial

sentence, my first and only ever custodial sentence and ultimately, convicted in malice.

Moments after becoming captive/resident at HMP Forrest Bank, I was soon targetted again with yet more hidden attacks and subversive slander carried out in similar M.O through people connected to the officers daughter that were inmates at the jail. This also included the 'wing alpha'. The situation was extremely dangerous and was something I had to face alone against a sizeable group of these inmates. I was able to defend myself, just.

I have collected evidence to substantiate my claims and the above is simply an introduction.

The main protagonists at the center of this issue are;

- Male GMP Road Traffic Officer - X0127 MOORHOUSE
- Female GMP Road Traffic Officer - PC15744 GARSIDE
- PC15744 GARSIDE's Daughter a.k.a Garside Jnr.
- Garside Jnr's friend, Miss Lydia Durnford.

The reason I'm contacting is because recent developments have seen an evidential link established between Miss Kate Green and the officers at the center of the issues mentioned.

The evidence in the supporting documents folder links Miss Kate Green to a certain GMP Professional Standards Branch Officer Miss Elizabeth Green, who was tasked with handling a complaint I raised regarding issues mentioned, and who was later kicked off the job for failing to respond to multiple requests for an update and then later mocking me in an automated response after closing her desk for christmas in December 2022.

Basically, the entire chain and complaints process was hijacked. Nearly every aspect of every issue both wether handled at personal or professional levels that is related to the officers has been tampered with underlined, corrupted or smeared in the most indecent and destructive manner.

I recently received a response from the solicitors ombudsman that marked 2 and a half years of tamper and fraud. The evidence presented to the solicitors ombudsman implicated the Deputy Mayor Miss Kate Green as one in a long line of officials that have evidently stitched me up. Miss K Green was not the target of that complaint however through the overwhelming pieces of evidence in support of the idea, it appears Miss k Green became aware of this complaint, likely through the 10+ years of her timr spent as a serving judge and the professional links estaboshed in that time, she has gotten wind of this complaint, railroaded it like everything else that so far represents a perfect record of corrupt officials then tried to set me up two days kater at a self employment session arranged through the jobcenter.

That was just the other week, then yesterday I received a bill for over £6,000.00 from GM Collection that has somehow managed to increase in value in the last 18 months despite having an attachment to income that has seen a substantial percentage of social welfare deducted since it wax proactively applied to my account since becoming targeted victims of the officers making me so unwell i could not work, spent what little money I had an no cars to sell since they were stolen.

Also yesterday, I received information that four police officers visited my mother's house looking for me. Then my neighbours tell me there were officers banging on my door the same day.

I am being targeted by Deputy Mayor Miss Green. She is using her access to public office, her inside political connections and is now trying to have me arrested before I raise the issue.

She is trying to silence me, I need your help.

The officers at the center of this issue are now aware I am not any sort of stalker and instead ead on making good on their wrongdoings or at the very least to leave me alone, they have carried on and on and on.

They have brought absolutely everyone they can into this situation that has seen absolutely every facet of my life invaded.

Words honestly fail me and very difficult to find a place to start.

Please see the evidence folders which can be found at;

[tinyurl.com/moores-complaint](https://tinyurl.com/moores-complaint)

This issue is so far reaching and represents a breach of an untold number of models of decency let alone the basic principles of a person's right to life.

I need to come in and speak to someone who has to the power to stop this woman.

Regards,

Adam Moores
