Dear Mr Nevols,

I have not received any correspondence from the The Authority/GMCA - r.e case 24000023.

In 24 days, it will be approximately 12 months since receiving the final response from The Authority and approximately 18 months since submitting the complaint.

I am still being attacked by 'these people' and their co-conspirators. My business was very recently targetted again. For the second time in 12 months, over 100+ images deleted from company work profile on Google.

They are using Police Tools to conduct personal attacks. It has been ongoing for three years. I am under very serious attack.

I really need your help.

Hope you find this in the correct light.

Regards,
Mr Moores

Dear Mr Moores

Complaint about Greater Manchester Combined Authority

Thank you for your email and telephone call.

As I explained, we are unable to consider a complaint until it has exhausted the official complaints procedure of the Authority concerned. In this case, the Authority informed us that it was still looking at your complaint and so we have asked it to proceed. Once the Authority has reached the end of the process, and given you a final written response, then you will have the option of coming back to us if you remain dissatisfied. If we investigate the complaint, we can take in account how your complaint has been handled, including the delays and misinformation you refer to.

To answers your questions:

1. We are waiting for the Authority to respond to your complaint. Please let me know if you do not get a response by 2 July, which is within four weeks of when we referred the complaint.

Accessibility

2. The Greater Manchester Combined Authority.

3. I cannot answer that but, as above, it might be something we can include in a later investigation.

4. The case has been closed (temporarily) because the organisation have informed us it is being considered and so, by law, we are unable to investigate at this time.

5. I am afraid I am also unable to answer that question - an investigator would be better able to advise you on that - so I suggest we await the Authority's response.

Yours sincerely

Keith Nevols
