

UPDATE - 1

CHRONOLOGY OF EVENTS AND PAPER WORK

SINCE FEBRUARY 2024

CONTACT HAS BEEN MADE WITH:

LGO :: LOCAL GOVERNMENT OMBUDSMAN

- a) [Complaint raised April 2024](#) concerning PCC Green at the GMCA.
- b) Received response June 2024. [Case closed](#) at initial assessment. Told "All possible routes must be tried before contacting us". It went on to say "The Authority [GMCA] will be in touch, they are still considering your complaint".
- c) I informed the operative handling my complaint at the LGO that I had already received a final response from Ms Kate Green on behalf of the GMCA nearly 12 months ago. I have been told multiple times by the GMCA that should I wish to take the matter further, I would need to raise it for Judicial Review. I went on to explain to the Operative at the LGO that raising the matter for Judicial Review was not the appropriate action here as the decision itself was not the primary concern at this stage, the main issue lies with the decision maker themselves and the evidence that underpins serious allegations of corruption and improper handling by PCC K Green and a personal connection to the Officers the complaint concerned including the Professional Standards Branch Officers PS Elizabeth Green at GMP's Professional Standards Branch.
- d) It has been over a month since I spoke with the LGO and have not heard from the GMCA since I was told for the 3rd time to raise it for Judicial Review, 1st from Ms Green when I received her final response 27th July 2023, 2nd time when I sought reproach having come into possession of evidence underpinning serious allegations of misconduct where I was instead passed by the IOPC back to Ms Greens office where I was issued the same response as the one received back in July 2023 some 8+ months prior. When I raised the issue again in April 2024, the IOPC responded saying "resubmitting a complaint is an abuse of process".

SALFORD CITY COUNCIL :: PCC LOCAL NOMINATED WATCHDOG

- e) [Contact made February 2024.](#)
- f) Received immediate response and confirmation that someone would be in contact soon. The email I received also had two other carbon-copy recipients in the email address header.
- g) I have not been contacted despite requests for an update.

'THE MAYOR' MR ANDREW BURNHAM :: GMCA | OVERSEES/RESPONSIBLE-FOR PCC

- h) [Multiple attempts made to contact Mr Burnham without success.](#)
- i) *Attended the GMCA Offices numerous times, contacted the GMCA through their online web based contact form, called the GMCA Offices numerous times without answer, emailed numerous times without response, emailed 20+ of Mr Burnham's/Ms K Green's colleagues on one occasion after all other attempts failed and my door had just been kicked off by Officers stationed at Manchester Town Hall.*
- j) *Posted a copy of the report to the GMCA Offices addressed to Mr Andy Burnham.*
- k) *No Response. AFAIK, he's the only person with the power needed to straighten 'this woman' out, without having to bring in special provision or outside check & balance mechanisms.*

IOPC :: INDEPENDENT OFFICE FOR POLICE CONDUCT

- l) [Complaint raised in February 2024](#) concerning PCC Green at the GMCA and clear evidence of gross misconduct.
- m) *Received confirmation of receipt from the IOPC. Later received a message from Ms Greens Office at the GMCA, repeating the same as received 8+ months earlier in July 2023; "Raise it for Judicial Review".*
- n) *I then messages the IOPC again to say "Judicial Review is not appropriate action here.." . Received a response from IOPC stating "submitting a complaint twice is a breach of process". Have not heard from them since.*

MANCHESTER CIVIL JUSTICE CENTER :: HMCTS

- q) [Submitted Claim for Damages April 2024](#), against Greater Manchester Police (PCC).
- r) *Received the N244 Application Notice and covering Documentation back through the post 05/07/24. Someone had gone to the trouble of neatly repackaging it inside a plastic A4 envelope and printing my home address on the label which is interesting given there was no return address on the envelope.*
- s) *There was a pungent odour of 'playdoh' on the documents when i opened the package, i also found a small piece of 'playdoh' stuck to one of the pages.*

PS E GREEN :: GMP PSB

- t) [Sent an email to PS E Green February 2024](#) in a final attempt at reconcile. "Can we fix this?"
- u) No response from PS E Green: a few days later I received email from DI Sheil, "do not contact any officers or you will be arrested". What prompted Mr Sheil to send that email - what we have here is a determination and at least one question:
 - 1. PS E Green was prompting an arrest after my attempts at reconcile.
 - 2. If PS E Green or PCC K Green are said to have no involvement in this situation, how did it come to Mr Sheil's attention and his attention only?

CURRENT STATUS ::

It appears all complaints have been for the most part, inexplicably placed on hold. It seems clear to me that every attempt to murder me now being carried out by a 'provisional local government' / breakaway regime that is openly abusing their access to the Public Purse in order to drive and finance their *fanatical war-tribe*, where social kudos and human sacrifice appears to represent a form of legal tender.

GMP Officers appear to be under the complete control of Ms K Green through her role as PCC and her connection to '*radicalised fundamentalists*' that operate within the force.

HMCTS and a number of crucial departments that support the Court system also appear to be completely compromised by Ms K Green.

All Governing Bodies, Watchdogs and individual personnel with responsible oversight for the PCC appear to be unreachable, out of service or unresponsive.

What's another 10 weeks off 3 years. Seems some of the people involved will have completed their terms in office before this gets dealt with.
